Lunch- 12:00-1:00

SOS provided a nice buffet lunch.

Presentation – 1:00-2:00-

The presentation was from Fred Paul, Eaton Electrical, about harmonics and how they effect electrical systems. A number of cause and effect issues were covered and how to resolve the problem issues.

Contractor/ Inspector time-

Fred Zumstein asked about clamps being used on UFER grounds. He stated there was a jurisdiction stating that dissimilar metals cannot be in conduct with one another. No jurisdictions present have noted this to be a code issue. Fred also asked about GFCI outlets being placed on the first outlet in a circuit for a remodel to meet the requirements of the NEC. All jurisdictions present allow for a GFCI in the first outlet to cover the requirements for not grounding the circuit added when coming off an existing outlet.

U.L.-

Ron Payne commented there were an increasing number of counterfeit items showing up on the market. He also said to be on the look out for these items.

Raffle-

Gary Fromm and Ron Payne each won a raffle gift. Our thanks go to Green Electric the City of Manteca.
